My daughter is really nervous and has never played football before, can she attend Fantails?

Definitely! This programme is perfect for her. We believe that football is for everyone and want to ensure that every girl has an opportunity to take part and has a great experience. Get in touch with your hub and let them know how they can best support.

Is there an equivalent boys programme?

Fantails was developed to target female participants as currently only 1 in 5 players playing football in NZ are female. We have over 400 clubs in NZ who offer NZF's Junior Framework and all of these clubs offer boys or mixed football, however only a small percentage offer a girls programme. If you have a young boy who would like to play, please contact your local federation or club to see what's on offer.
