Papakura City FC - Open ID Training Sessions Update

Hi all and thanks for registering for the 2025 Talent Development Programme **Open ID**

Training Sessions

The team is very excited to bring a TDP experience to Papakura and South Auckland. If you know anybody who may be keen, it is not too late to register, and we will be welcoming registrations through the whole Open ID Training Sessions phase.

What to expect

A casual pre-season environment, to allow coaches and staff to get to know all players. Open ID sessions will be treated like a normal pre-season training session as we welcome players back into football for a new year, which may include small-sided, low-intensity, fun games.

We expect numbers to grow as we progress, as players (& Coaches) return from holidays and summer sports.

Coaches may be mixed around, as we look to get to know all players and fix coaches around team needs. Alongside staff members who will be involved in the programme. We are hoping coaches and staff will get to know more players and create a unified group between all teams rather than an individual team environment.

TDP Selection

We will do our best to communicate where we think players sit before squads are announced, towards the end of the open ID Training Sessions phase. We understand we are also in an environment where players may wish to trial for multiple clubs. We wish the best for players and to play in the environment they think is best for them. We ask players and/or parents to be open and honest with their intentions.

More information

More specific information including TDP training days of the week will be shared in the coming weeks.

Thanks!
